

Special Features

My Favorites tab

To identify a book as a favorite and add it to this section, click the star button to the right of the book's title.

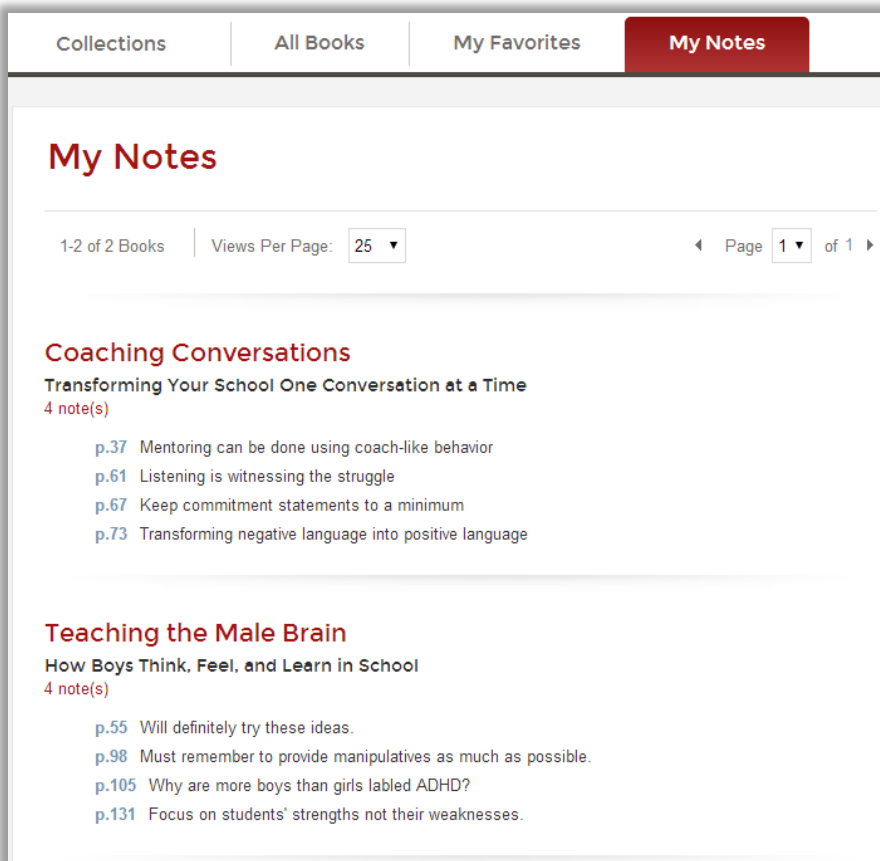

To remove a book, go to the My Favorites tab. Click the gray star button to the right of the book's title.

My Notes tab

This tab allows you see all the notes you've taken in any book.

Click on the page number next to a note to return to the page in the book where the note was made.

If you wish, you can copy the notes and paste them into a text document for saving on your computer or device.

- 1) Select the notes with your cursor.
- 2) Using the right click on your mouse, select copy.
- 3) Paste the notes into the document of your choice.

Notes may be printed on many computers by following these steps.

- 1) Select the notes with your cursor.
- 2) Using the right click on your mouse, select print.
